

SCHOOLS & CLUB PARTNERSHIPS

**Bringing the JSCA player development system into
your school or club**

HIGH-PERFORMANCE COACHING.
LONG-TERM PLAYER DEVELOPMENT.

TAILORED TO YOUR ENVIRONMENT

Every school, cricket club and organisation is different.

That's why every partnership is built around your players, facilities and long-term objectives.

Whether you're introducing cricket to beginners, developing your junior section or supporting county pathway players, every programme is designed specifically for your environment.

WELCOME

JSCA partners with schools and cricket clubs to deliver structured coaching programmes that create meaningful, long-term player development.

Rather than delivering generic cricket sessions, every programme is built around the same coaching philosophy used throughout the JSCA Academy.

Players develop the technical, tactical and decision-making skills needed to perform in modern cricket through purposeful practice, representative learning and individual coaching.

From curriculum delivery and after-school clubs to high-performance player programmes and coach development, every partnership is designed to leave a lasting impact.

IS THIS PARTNERSHIP RIGHT FOR YOU?

Our programmes are suitable for:

Primary Schools

Secondary Schools

Cricket Clubs

Junior Sections

Independent Schools

County Pathway Schools

Holiday Programmes

Community Organisations

Whether your goal is increasing participation or developing high-performing players, programmes are designed around your objectives.

THE JSCA COACHING PHILOSOPHY

Every session delivered within schools and clubs follows the same coaching principles used throughout the JSCA Academy.

Rather than simply running enjoyable cricket activities, players are continually developing:

Strong technical foundations

Decision-making

Movement and coordination

Game understanding

Confidence under pressure

Long-term performance habits

Sessions are enjoyable because players are engaged.

They're effective because every activity has a clear purpose.

PARTNERSHIP OPPORTUNITIES

Curriculum Cricket

Structured curriculum delivery aligned with PE outcomes while building movement, coordination and fundamental cricket skills.

After-School Cricket

Engaging coaching sessions that combine enjoyment with genuine player development and clear progression.

Cricket Club Partnerships

Supporting junior sections through structured coaching, player development planning and modern coaching methods.

PARTNERSHIP OPPORTUNITIES

High-Performance Player Programmes

Specialist coaching for ambitious players, county pathway cricketers and representative performers looking to continue developing within their school or club environment.

These programmes can be delivered for selected groups of players who require a more individualised, high-performance training environment.

Coach Development & Mentoring

Supporting teachers and coaches with session design, modern coaching principles and player development strategies that continue long after the programme has finished.

Holiday Camps & Specialist Events

Purposeful coaching experiences designed around participation, development and enjoyment.

WHY PARTNER WITH JSCA?

Every partnership is built around your organisation, not around a generic coaching programme.

This means every session reflects your players, facilities and long-term vision.

Our aim is to help schools and clubs build stronger cricket programmes by creating environments where players continue improving throughout the year.

WHAT YOUR ORGANISATION CAN EXPECT

Every partnership may include:

Structured coaching programmes

Individual player development

High-performance player groups

Curriculum cricket

After-school clubs

Club coaching support

Coach mentoring

Talent identification

Player progression pathways
